

STATE OF NEW MEXICO
COUNTY OF BERNALILLO
SECOND JUDICIAL DISTRICT COURT

CITY OF ALBUQUERQUE,

Petitioner,

v.

No. D-202-CV-2021-04895

BACK STREET GRILL, LLC

Respondent.

**ACCEPTANCE OF SERVICE, AND RESPONSE TO PETITION FOR TRO
And MY RIGHT TO DISQUALIFY ANY JUDGE WHO ALLOWED THEMSELVES TO
BE INJECTED WITH AN EXPERIMENTAL GENE THERAPY**

This case is not just about a revocation of a food permit. This case is about absolute tyranny and usurpation by a government beyond any controls and limitations. Incorporated by reference is my organizations' entire 129 page amended complaint filed in NM federal court IN December, 2020, which outlines the science and the facts of this completely insane world that so many are still blind to. Like Justice is. **McKenney v. Lujan-Grisham**, and her partners in crime, Kathyeen Kunkel and whoever the latest in a long string of former Public Health Secretaries; you can download it from our site: NMStandsUp.org. Either our Supreme Court justices are blind or, alternatively, by their practice of medicine in all of our courts, which is what their latest COVID-crap to come out of them is, they are complicit in this made up production.

What my unethical opponent did in filing this Petition was beyond the pale. I will take great pleasure in reporting her to the Disciplinary committee for what she has done in this case.

1.

SHE KNEW JONATHAN DIENER AND I WERE REPRESENTING BACKSTREET GRILL, LLC AND FAILED TO GIVE ME NOTICE OF HER PETITION FOR TRO! **The exparte TRO was therefore based on unethical practice, despite arguably following the letter of the law- it still stinks and is wrong to push through a TRO without notification of known counsel. My notification came from the news.**

2. She also misled the court to imply, without exactly saying, nothing about the constitutionality of what began this attack on a citizen exercising constitutional rights, AND DUTY to abolish or correct a government that has gone despotic. And you all act like we don't see this (said better by Thomas Jefferson in the Declaration of Independence).

And what about the ridiculously short 5 day limit on filing an appeal for a food permit suspension due to refusing to enforce breathing restrictions, aka mask mandates? This having occurred as a multifaceted attack on the restaurant for daring to defy a guidance-recommendation by the executive branch. At that time, the restaurant was besieged by the Albuquerque Police for the City for a fine as well as to give notice of revocation of the food permit; NM Environmental Department which is supposed to protect employees from dangerous conditions like mandated mask wearing; and the Public Health Department. A single branch, indeed, *one person*, now holds the power of all three "separate" branches of government. That is the very definition of tyranny: when one branch of government or one person holds the executive, legislative and judicial functions.

And, knowing that I am like the child pointing to the naked emperor, and exclaiming "But mommy, the king has no clothes on!", I will not be silenced or give nod to the absurdity that was all over this case. A restaurant refused to make its employees wear a face-diaper (because after all, you are breathing in your own shit), nor be the Nazi brownshirt enforcing any

of the tyrant's latest rules, over which she has to be cracking up, that people actually are taking her seriously. God help us.

Soon, people will realize they do not need a judge's or anyone else's permission to breathe or earn a livelihood by providing jobs and a place for people to gather. It is for us and their employees, and New Mexico that BackStreet Grill takes this stand against tyranny.

The government and courts ain't following the rules, and neither is this client, nor the undersigned attorney. Just check out the New Mexico Constitution. Article IV, Sec. 2. Tell me if the governor followed any part of an emergency disaster *temporary* legislative delegation. She seized it voraciously with a glee like an adrenochrome addict. She has refused to give it back to the legislature, even though those spineless tools tried to pass a bill to get back what they never gave her to begin with. She, and pretty much the entire world's traitors/leaders, have lied to their citizens about the "case" number, COVID related deaths, and everything related to this scheme to make a few more billion dollars for a few billionaires. What, did everyone get free stock in Pfizer? That phony in Santa Fe governor's mansion is not on the side of the people. She, and you, Judge, work for US!! You are our public servants, and you took an oath as I did, to uphold the Constitution of the United States and State of New Mexico. That is what we are doing. I hope you will join us on the side of God. make your choice now. Your actions will expose you.

And let this be Notice of our removed right to challenge this judge, and any subsequently assigned Judge if she/he has taken the experimental gene therapy because they can't understand the bigger issues at hand now.
