In the inaugural year of the Law Firm 500, we ask that you join us in congratulating One Hundred of the Fastest Growing Law Firms in the United States. The Law Firm 500 Award Honorees have qualified for this Award due to exponential revenue growth coupled with sound financial standing. We honor each of them as an example to all law firms that it is possible to not only survive, but to thrive and dominate their local markets no matter the economic climate or surrounding competition.

The Law Firm 500 Conference, Awards Ceremony and Gala will be held this Thursday October 13th, through Saturday, October 15th at The Ritz Carlton in Key Biscayne, Miami, FL. The Gala Celebration on Saturday evening will begin with a powerful Keynote Presentation by Best-Selling Author of Relentless, Tim S. Grover.

It is no small feat to achieve such significant revenue growth. We commend each firm for the hard work, innovation, excellence in operational management and dedication to professional leadership that it took to get there. Most of all, we celebrate their willingness to believe that such growth is possible, and to decide to achieve it.

Please take this opportunity to congratulate our peers and professional colleagues. Get to know them, learn from them, and follow their progress for years to come. The Law Firm 500 community is one of openness, support, and recognition. While this is a friendly competition, in the end we are all here to encourage each other. For it is the kindness and generosity of others that often forges the way for the law firms of tomorrow to succeed.

“That some achieve great success, is proof to all that others can achieve it as well.” –ABRAHAM LINCOLN

To our colleagues and soon to be friends, we salute you. Keep up the incredible work!

About the Law Firm 500 Award:

Over a year ago, the Law Firm 500 Award was conceived, with the goal of showcasing and celebrating the nation’s fastest growing law firms. Since then, hundreds of law firms were nominated, and required to participate in the review process conducted by Kahuna, the Law Firm 500’s partnering outside accounting firm.
